JIMMY S ALPHABET GARDEN (PAPERBACK)

Dog Ear Publishing, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.A boy named Jimmy planted his very first garden. He was so excited, that he began to dream about it while drifting off to sleep one night. While asleep, he discovered a wonderful magical surprise. Instead of growing normal everyday kind of vegetables, Jimmy had special alphabet vegetables that only grew for him. These special vegetables had the ability to sing, talk, and instruct him about some rules that he must follow in order for them to show him how special they truly are. By Jimmy combining consonants and vowels correctly to spell words, he was able to get his special requests granted. When reading Jimmy s Alphabet Garden, just when you think you have the book figured out; it takes an unexpected magical turn that will leave you feeling all warm inside. So hold on and get ready!
