Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

THE COMMON-SCHOOL GEOGRAPHY: AN ELEMENTARY TREATISE ON MATHEMATICAL, PHYSICAL, AND POLITICAL GEOGRAPHY (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Common-School Geography: An Elementary Treatise on Mathematical, Physical, and Political Geography The progress of geographical discovery, and the numerous changes, political and territorial, that are constantly taking place, have again rendered necessary a revision of this work. Advantage has been taken of this alteration of the text, to introduce into the book an entirely new series of finely engraved Copper-plate Maps, in place of those hitherto contained in it. The division and general arrangement of the Maps remain the same as before, although, wherever practicable, their scale has been somewhat enlarged; while a new, full-page Map of Great Britain and Ireland has been added. The new Maps have been prepared under the direct supervision of Mr. James H. Young, whose long experience and well-earned reputation in this department are a sufficient guarantee of their accuracy as well as of their artistic finish. The addition of a greatly enlarged Pronouncing and Explanatory Vocabulary, and of two pages of Review Questions, will be found, it is believed, to be a valuable improvement. The Treatise on Map-Drawing, by Mr. E. A. Apgar, State Superintendent of New Jersey, explains a new and practical method of acquiring this important art. The following extract from the Preface to the first edition of the work will show its general plan and arrangement: - The book consists of two parts. Part First contains lessons on the elementary principles of geographical science; Part Second, a description of the different countries. The lessons of Part First are not arranged in the usual form of question and answer. The principles are clearly stated in familiar language, and the lessons are followed by direct questions upon...
