

The Rise of American Influence in Asia and the Pacific (Classic Reprint) (Paperback)

Filesize: 2.89 MB

Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which it basically modified me, altering the way I believe.
(Prof. Loyce Runolfsson Jr.)

THE RISE OF AMERICAN INFLUENCE IN ASIA AND THE PACIFIC (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Rise of American Influence in Asia and the Pacific The United States took its place as one Of the sovereign nations of the world with the conclusion of the Treaty Of Paris in 1783 which terminated the Revolutionary War. By the terms of that treaty the territorial extent of the United States was limited on the west by the Mississippi River. Actually, most of the region west of the Appalachian Mountains was still largely unsettled territory, and nearly all of the population, less than four million in 1790, was concentrated along the Atlantic seaboard. Hence the United States at that time faced eastward, and the Atlantic was the broad highway which linked it commercially and culturally to Europe. Asia and the islands of the Pacific comprised a remote world, which could only be reached by circuitous and time-consuming voyages. TO Americans Of this period this world was almost as unknown as Darkest Africa. When the United States acquired its independence the economic system was largely an agrarian one which supplied nearly all of the people s agricultural wants and depended on Europe, principally England, for manufactured goods. Since the United States was then practically without industries that required imported raw materials and overseas markets for their finished products, its trading requirements were largely confined to the exchange of its own raw materials for manufactured items. During the early years of the Republic s development about 90 percent of all trade was with England. Trade with the Far East arose primarily because Of the enter prise Of the-seafaring New Englanders rather than because of any compelling need in America for the products Of that area. In searching for new routes...
