

Economics, Power, and Group Dynamics

By Philip a Bralich

Litfire Publishing, LLC, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.In order to solve this problem, Dr. Bralich has proposed a theory of economics that subverts both the indolent poor and the greedy rich by focusing on the middle classes. One might suspect that such a theory could never be implanted in the complex economic world in which he live. However, Dr. Bralich points out that there is no reason to topple the existing economic structure but only to add one index and one measure to it both of which can be implemented independently of the existent system or in accord with it. The rich-get-richer and the poor-get-poorer mentality has dominated economics since the first attempts were made to describe the physical laws of wealth of the mercantilists and the physiocrats . at least in Capitalism.

Reviews

Very useful for all group of people. It is amongst the most incredible pdf i actually have read through. Its been written in an extremely straightforward way and it is just right after i finished reading through this pdf by which basically modified me, change the way i think.

-- **Felicia Nikolaus**

These sorts of ebook is the ideal book offered. It can be writter in simple terms rather than confusing. I discovered this pdf from my dad and i advised this publication to understand.
