Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.

(Prof. Loyce Runolfsson Jr.)

HOW TO BE A HUSBAND

HarperCollins Publishers. Paperback. Book Condition: new. BRAND NEW, How to Be a Husband, Tim Dowling, The much-loved Guardian columnist asks what it takes to make a husband, and looks to his own married life to provide the answer.* *Anything resembling advice should be taken at reader's own risk. You'll never get divorced if you never get married. Not even your granny minds if you live in sin anymore. And if you're single you can choose curtains without somebody else butting in. So why bother with marriage? It can't just be an easy way round having to buy your own deodorant. Guardian columnist Tim Dowling is a husband of some twenty years. His marriage is resounding proof that even the most impossible partnership can work out for the best. Some of the time. So while this book is called 'How To be a Husband', it's not really a how-to guide at all. Nor is it a compendium of petty remarks and brinkmanship - although it contains plenty of both. You may pick up a few DIY hints. You might learn that while marriage is founded on love, it endures through bloody hard work. Most likely it will make you whimper with the laughter of painful recognition. 'How To be a Husband' is a cautionary tale about throwing caution to the wind. It's the strange romance of two people consenting to share a roll-on. It's a new manifesto for marriage and an answer to why, even when we suck at it, we stick at it.
